

Linguistics and communication BA track

This track is for you if...

- you liked "The structure of English", "Grammar in context", "Challenging grammar", "Introduction to linguistics" or "The English sentence".
- you are into the humanities, but scientific/rational thinking is not completely alien to you.
- you are interested in...
 - how first and second language acquisition relate to each other.
 - how all languages are similar in some aspects and how they differ in others.
 - the underlying principles of human communication.
 - how the mind works.
- you want to participate in a flexible, customizable study programme.
- you'd like to be a part of a supporting and lively academic and social community.

Our courses (none is compulsory, you have to complete 9):

- Syntax and morphology
- Language acquisition
- Semantics and pragmatics
- Computers and language
- Varieties of English
- Introduction to language teaching methods
- Topics in language research
- The study of sounds
- The social and discourse aspects of language
- Evaluation and assessment
- Child language
- The science of words
