

How many credits should I take in BA programme?

During your BA years you have to acquire 180 credits to get your degree. You will receive 170 credits from your obligatory courses (120 credits from obligatory BA courses and 50 credits from a specialization - during 2nd and 3rd years of study). You will have to take optional courses for 10 credits.

You have to do physical education in two semesters. Don't forget to register in Neptune!
