

## **What should I know about Fire and workplace safety education?**

It is obligatory for all students (BA and MA) to participate in general fire and workplace safety education at the University of Debrecen. Don't forget to register in Neptune! Subject name: Work and Fire Safety Training.

To increase efficiency, education will take the form of distance learning. The material is available [here](#), log in with your university username, after logging in click on "Megtekintés" (View).
